

THE SOURCE OF WATER LIKE THE SOURCE OF HEALTH

Atomska Banja Gornja Trepča

Atomska Banja Gornja Trepča spa is ranked as one of the best spas in the field of health tourism in Serbia and this part of Europe.

With its offer, the spa is a place where health is improved, treated, but also an oasis of rest, where visitors can enjoy recreation and enjoy the interesting landscape with its wealth of beauty spots and unique experiences for all the senses.

Owing to its specific physical and chemical characteristics, the water of this spa is a real rarity. The concentrations of microelements, macroelements and radioactive elements, as well as their inter-relations, give it a specific healing effect, especially on nerve and muscle tissues. The effectiveness of the rehabilitation offered by the Special Hospital for Rehabilitation Atomska banja Gornja Trepča has been confirmed by clinical studies conducted in previous years.
